

CIVIL CONSTRUCTION | UTILITIES | EV INFRASTRUCTURE | CONSTRUCTION MANAGEMENT

COMPANY OVERVIEW

UrbanCore Infrastructure & Construction, Inc. is a 100% woman-owned Georgia C-Corporation supporting government agencies, prime contractors, and private clients with compliant civil construction, infrastructure, field coordination, and construction management services. We pair field execution with disciplined scheduling, cost control, documentation, safety, quality, and closeout.

CORE COMPETENCIES

- Civil site work, site preparation, demolition and restoration
- Underground utilities, trenching, boring and telecom support
- Commercial paving, striping and parking-lot restoration
- EVSE infrastructure and site coordination
- Concrete, bollards, wheel stops, signage and punch corrections
- Estimating, bid review, SOV development and cost control
- Scheduling, RFIs, change orders, pay applications and reporting
- QA/QC, safety tracking, punch-list and closeout management

LEADERSHIP EXPERIENCE

Executive leadership brings more than eight years of federal construction and multi-state program experience, including USPS EVSE, site work, renovations, assessments and acceptance/closeout activities. Managed project experience ranges from approximately \$4.6M to \$41M. Values reflect leadership experience and are not represented as UrbanCore prime-contract awards.

TARGET MARKETS & READINESS

- Federal, state and local agencies; prime contractors; utilities and developers
- Georgia and Texas operational focus with multi-state project support
- Insured; bonding pursued per solicitation and subject to surety approval
- Proposal compliance matrices, COIs, safety plans and subcontractor onboarding

DIFFERENTIATORS

- Federal/postal field experience with schedule-driven execution
- Rapid mobilization through an established multi-state subcontractor network
- Compliance-first proposal, safety, billing and closeout systems
- Flexible delivery as prime, subcontractor, CM partner or field-services provider
- Executive control of contracts, finances, quality and client communication
